

Wellness EQUI-SAFE®

Seminole Wellness Equi-Safe® is a complete, low starch, forage-based feed formulated specifically for adult equines and ponies that are prone to or affected by health conditions such as laminitis, insulin resistance, obesity and other metabolic conditions.

A superior source of long stemmed fiber, Seminole Wellness Equi-Safe® is composed of specifically selected grasses that are low in starch. Either fed as a sole ration or top dressed on feed, horses and ponies cannot resist the added herbal package. This molasses free, chopped forage feed has an added vitamin and mineral pellet making Seminole Wellness Equi-Safe® the complete package.

WHY SEMINOLE WELLNESS®?

Complete Forage-Based Feed
Low-Starch, Low-Sugar, Fixed Formula
Long-Stemmed-Fiber
Methionine, Biotin & Zinc

Wellness EQUI-SAFE®

FEEDING DIRECTIONS

Wellness EQUI-SAFE® is a complete, low-calorie feed designed for adult horses & ponies at risk from insulin resistance, laminitis, obesity and other metabolic disorders associated with high-starch diets. Start the feeding program using the Daily Feeding Rate. After observing and/or weighing the horse for a period of time, increase or decrease the daily feeding rate to obtain the desired body condition or body weight. If Wellness EQUI-SAFE® is used as a complete feed, offer a minimum of 3 times per day. Wellness EQUI-SAFE® can be used as the sole ration for overweight horses and easy keepers. If used as a supplemental meal extender, add a double handful to the horses ration at each feeding.

Feed at regular times, with two or more equal feedings per day. Make all feed changes gradually, over a 7-10 day period. Increase in feeding rate should not exceed 1 pound per day for an individual horse. Delay feeding a horse that has just been exercised or is exhibiting pain, fever or diarrhea. Wellness EQUI-SAFE® weighs approximately 0.5 pound per dry US quart. Provide a free choice horse mineral such as Seminole Grass Balancer 16:8 on a continuous basis. Provide clean, fresh water at all times.

DAILY FEEDING GUIDE

Horses Body Weight	Wellness EQUI-SAFE® when fed as a sole ration. (Pounds per Day)	Wellness Equi-Safe® when used to partially replace feed and hay. (Pounds per Day)
Less Than 500 Pounds	5 - 10	1 - 3
500 - 700	10 - 15	3 - 5
750 - 1000	15 - 20	5 - 7
1000 - 1250	20 - 25	6 - 8
Over 1250 Pounds	25 - 36	8 - 10
