Oats, Cracked Corn, Soybean Meal, Cane Molasses, Wheat Middlings, Soybean Hulls, Yeast Culture, Salt, Monocalcium Phosphate, Dicalcium Phosphate, L-Lysine, DL-Methionine, Biotin, Phosphoric Acid, Calcium Carbonate, Zinc Oxide, Copper Sulfate, Manganese Sulfate, Copper Proteinates, Zinc Proteinates, Manganese Proteinates, Cobalt Proteinates, Magnesium Oxide, Selenium Yeast, Ferrous Sulfate, Cobalt Carbonate, Calcium Iodate, Vitamin A Acetate, Vitamin D Supplement, Vitamin E Supplement, Vitamin B12 Supplement, Riboflavin Supplement, Niacin Supplement, Calcium Pantothenate, Choline Chloride, Folic Acid, Pyridoxine Hydrochloride, Thiamin Mononitrate.

Seminole Feed® Mare & Foal

FEEDING DIRECTIONS

Seminole Feed® Mare & Foal is a premium quality textured feed for growing foals, weanlings, lactating mares, and late gestation broodmares to be fed along with good quality hay and/or pasture. Start the feeding program using the feeding directions for the weight and activity level of the horse. After observing and/or weighing the horse for a period of time, increase or decrease the daily feeding rate to obtain the desired growth rate, body condition or body weight.

Do not feed Seminole Feed® Mare & Foal on a free choice basis. Feed at regular times, with two or more equal feedings per day for an individual horse. Delay feeding a horse that has just been exercised or is exhibiting pain, fever or diarrhea. Seminole Feed® Mare & Foal weighs approximately 1.5 pounds per dry US quart. Provide a free-choice horse mineral such as Seminole Grass Balancer 16:8 Mineral on a continuous basis. Provide clean, fresh water at all times.

FEEDING RATES BASED ON POUNDS OF FEED PER DAY. FEEDING RECOMMENDATIONS ARE BASED ON HORSE WEIGHT AND ACTIVITY LEVEL.

Mature Body Weight (lbs.)		100-200	200-400	400-600	600-800	800-1000	1000-1200	1200-1400	1400-1600	1600-1800	1800-2000

- For further feeding instructions for a category and weight of a horse, please contact our nutritionist at 800-683-1881, ext. 131 or Nutritionist@SeminoleFeed.com.
- For horses who need additional protein for growing, gestating, or lactating, supplement with Seminole Equalizer™.
- For horses who need additional calories for performance, weight gain or coat conditioning, supplement with Seminole Ultra Bloom® or Seminole Rice Bran Oil.
- If you cannot feed the minimum recommended feeding rate, please contact our nutritionist.
- These feeding guidelines are suggestions based on horse weight and activity level, but adjustments may need to be made to achieve desired body condition.
