Selenium (min) .....	0.40 ppm
Vitamin A (min) .....	6,000 IU/lb
Vitamin E (min) .....	100 IU/lb
Starch (avg.) .....	13.0%

**Ingredients**

Soybean Hulls, Wheat Middlings, Oats, Cracked Corn, Soybean Oil, Cane Molasses, Soybean Meal, Phosphoric Acid, Calcium Carbonate, Yeast Culture, L-Lysine, DL-Methionine, Biotin, Monocalcium Phosphate, Dicalcium Phosphate, Salt, Magnesium Oxide, Manganese Sulfate, Zinc Oxide, Ferrous Sulfate, Copper Sulfate, Calcium Iodate, Cobalt Carbonate, Selenium Yeast, Propionic Acid (Preservative), Zinc Proteinates, Manganese Proteinates, Copper Proteinates, Cobalt Proteinates, Vitamin A Supplement, Vitamin D3 Supplement, Vitamin E Supplement, Choline Chloride, Niacin Supplement, D-Calcium Pantothenate, Riboflavin Supplement, Thiamin Mononitrate, Pyridoxine Hydrochloride, Vitamin B12 Supplement, Folic Acid.

### Feeding Directions

Seminole Exacta 12<sup>TM</sup> is a premium textured feed designed for mature, active horses and ponies. Start the feeding program using the Feeding Directions for the weight and activity level of the horse. After observing and/or weighing the horse for a period of time, increase or decrease the daily feeding rate to obtain the desired body condition or body weight. Do not feed Seminole Exacta 12<sup>TM</sup> on a free-choice basis. Feed at regular times, with two or more equal feedings per day. Make all feed changes gradually, over a 7-10 day period. Increases in feeding rate should not exceed 1 pound per day for an individual horse. Delay feeding a horse that has been exercised or is exhibiting pain, fever or diarrhea. Seminole Exacta 12<sup>TM</sup> weighs approximately 1.6 pounds per dry US quart. Provide a free-choice horse mineral such as Seminole Grass Balancer 16:8 Mineral on a continuous basis. Provide clean, fresh water at all times.

**FEEDING RATES BASED ON POUNDS OF FEED PER DAY. FEEDING RECOMMENDATIONS ARE BASED ON HORSE WEIGHT AND ACTIVITY LEVEL.**

Mature Body Weight (lbs.)		100-200	200-400	400-600	600-800	800-1000	1000-1200	1200-1400	1400-1600	1600-1800	1800-2000

\*\*For feeding instructions for this category and weight of horse, please contact our nutritionist for further feeding instructions at 800-683-1881, ext. 131 or Nutritionist@SeminoleFeed.com.

- Feed a good quality forage at the rate of 1.5 - 2.0% of the horse's body weight per day.
- For horses who need additional calories for performance, weight gain or coat conditioning, supplement with Seminole Ultra Bloom® or Seminole Rice Bran Oil.
- If you cannot feed the minimum recommended feeding rate, please contact our nutritionist.
- These feeding guidelines are suggestions based on horse weight and activity level, but adjustments may need to be made to achieve desired body condition.
