

SEMINOLE

# Orchard Pellets with apple flavor

Forage Supplement for All Livestock

**Sun-Cured Orchard Grass Hay  
Highly Digestible Fiber Source**

**Highly Palatable**

**Low-Calorie Forage**

**Consistent Nutrition**

**Low Dust & Low Waste**

**Convenient & Economical**

Since 1934, Seminole Feed's top priority is horse nutrition, and our goal is to provide you with the "World's Best Equine Feed". Seminole Orchard Pellets with Apple\*, one of our popular forage supplements, comes from Eastern Idaho's agricultural plains.

Grass forages and forage products such as orchard pellets provide the fiber your horse needs in a highly digestible form. When used to replace part of the forage in the diet, Seminole Orchard Pellets with Apple\* can provide the necessary roughage without excess calories or protein usually found in alfalfa forages.

\*With Apple Flavor

## Guaranteed Analysis -

Crude Protein (min)	_____	10.0%

Phosphorus (min)	_____	0.25%
Moisture (max)	_____	8.0%

## Ingredients -

Sun-Dried Orchard Grass Hay, Sodium Bentonite (as a binder), Apple Flavor.

# Seminole Orchard Pellets with Apple\* - Forage Supplement for All Classes of Horses

## Forage First - Feeding the Horse

After water, forage is the next most crucial component of a horse's diet, and should be fed at a rate of 1.5 - 2% of body weight (BW) per day. Long-stemmed forages, such as pasture, hay, chopped forage, and hay cubes can be fed interchangeably on a pound-for-pound basis. Seminole Orchard Pellets with Apple\* are considered short-stemmed forage and should only replace a portion of the forage fed to the horse each day. Feed up to 1 - 1.5% of BW as pellets, along with 0.5 - 1% of BW supplied by long-stemmed forages. The tables below will assist you in calculating the appropriate quantity of forage for your horse.

Feeding Guidelines for Seminole Orchard Pellets with Apple*				
Mature Body Weight (Lbs.)	600-800	800-1000	1000-1200	1200-1400
Maximum Amount of Seminole Orchard Pellets with Apple* (Lbs.)	6 - 12	8 - 15	10 - 18	12 - 21
	<i>PLUS</i>	<i>PLUS</i>	<i>PLUS</i>	<i>PLUS</i>
Minimum Amount of Long-Stemmed Forage (Lbs.)	3 - 4	4 - 5	5 - 6	6 - 7
Recommended Daily Forage (1.5% - 2% body weight)	9 - 16	12 - 20	15 - 24	18 - 28

- Amounts of Seminole Orchard Pellets with Apple\* are on an as-fed basis- To supply adequate forage, the combination of Seminole Orchard Pellets with Apple\* and Long-Stemmed Forage should add up to the Total Daily Forage Offered in the last row of the table
- Seminole Orchard Pellets with Apple\* weigh 1.2 pounds per dry US Quart
- Senior horses or those with dental issues may benefit from having the pellets soaked
- Clean fresh water must be provided at all times
- Increases in feeding rates should not exceed 1 pound per day
- Make all feed changes gradually over a 7 - 10 day period
- Postpone feeding a horse that has been exercised or is exhibiting pain, fever, or diarrhea

Replacement Guidelines Using Seminole Orchard Pellets with Apple* to Replace a Portion of Long-Stemmed Forage			
	Hay	Alfalfa Cubes	Pasture
Seminole Orchard Pellets with Apple*	1 Lb. Pellets per pound hay	1.25 Lbs. Pellets per pound of cubes	2 - 2.5 Lbs. Pellets per hour grazing

- Amounts of Seminole Orchard Pellets with Apple\* are on an as-fed basis
- Pasture intake is based on an 1100 Lb. horse eating 2% body weight during 12 hours of grazing

**Notice:** This product is perishable. Store this product in a dry, well ventilated area protected from animals and insects. Do not feed this product if it is moldy, spoiled, infested or contaminated as it may cause illness or death to your animals. No liability will be accepted for direct, incidental or consequential damages resulting from any use inconsistent with the feeding instructions. Always feed by weight not volume. When feeding by volume, periodically weigh the feed to verify your animal is receiving the proper amount.

For the purposes of elite equine competition, this forage supplement is recognized as free from restricted and prohibited ingredients when fed as directed.

**Seminole Quality Guarantee** - Seminole Feed® strives to provide a world class product for your equine partner, adhering to strict quality control and safe-feed production standards. If you're not satisfied, we're not satisfied. Should the quality of this product not meet your expectations, return it within 30 days with proof of purchase to your Authorized Seminole Feed® Dealer for a complete refund or replacement.

## Considerations for the Senior Horse

When addressing the unique needs of a senior horse, Seminole Orchard Pellets with Apple\* can provide an excellent source of highly digestible, supplemental forage. Horses with poor dentition or those predisposed to choke can benefit when forage replacements, such as cubes and pellets, are soaked. Use the table provided below as a guide.

Soaking Seminole Orchard Pellets with Apple* Soak pellets for a minimum of 10 minutes & feed immediately			
Temperature of Water	Pounds of Pellets per Quarts of Water	Soak Time	Consistency
Cold ~ 60° F	1 Lb. / 1.5 Qts.	25 Minutes	Partially Broken Apart
Warm ~ 90° F	1 Lb. / 1.5 Qts.	20 Minutes	Wet & Mostly Broken Apart
Hot ~ 113° F	1 Lb. / 1.5 Qts.	15 Minutes	Wet & Mostly Broken Apart

- Results may vary based on amount of pellets, water temperature, and water volume
- Only soak what will be immediately consumed
- Do not soak Seminole Orchard Pellets with Apple\* longer than 30 minutes to avoid mold and fermentation of product
- Feed senior horses smaller meals more frequently to reduce spoilage and waste
- To encourage consumption, adjust the water volume based on the horse's preference

## Additional Bagged Forages Offered By Seminole:

### Seminole Alfalfa Pellets

Protein (min) - 17% | Fat (min) - 1.5% | Fiber (Max) - 30%
